

The Foundations of Tarot

Fresh ideas about reading the tarot, for
beginners and old hands

Part 1 - Saturday 23 May
The Secrets of the Minor Arcana

Part 2 - Saturday 20th June
A Journey through the Major Arcana

Practical exercises and story-telling will teach us how to read the cards without having to learn the meanings by rote. We will look at the cards from different perspectives: numerological, elemental, creative and intuitive. This will allow us to use the face cards in character studies, and see the images of the numbered cards as reflections of our everyday lives.

Guided visualisations will help us vividly experience the myths and archetypes of the Major Arcana. After a short presentation on the history of the tarot, practical demonstrations and experiential practice will give you the confidence you need to read for yourself and for clients.

Extra exercises will give the opportunity to explore the cards further between the two sessions.

TIME: 11.00am - 6.00pm. There will be breaks for lunch and tea. Tea and biscuits will be provided. Please bring your own packed lunch.
